

MD RIDOY BABU

Full Stack Developer (Node.js, NestJS, React.js, PostgreSQL)

Dhaka, Bangladesh | +880 1735-699781 | ridoy.babu.781@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full Stack Developer with production experience designing scalable RESTful APIs, microservices, and responsive front-ends using Node.js, NestJS, TypeScript, React.js, and Next.js. Skilled in PostgreSQL, Prisma, TypeORM, MongoDB, JWT/OAuth 2.0/RBAC, Docker-based CI/CD, and Agile delivery. Delivered a healthcare microservices platform (11 services, 9 isolated DBs) and an EdTech SaaS product with Stripe/Selcom billing and AI-powered features.

TECHNICAL SKILLS

- **Languages/Frontend:** JavaScript (ES6+), TypeScript, SQL, React.js, Next.js, Redux/Zustand, Tailwind CSS
- **Backend:** Node.js, NestJS, Express.js, REST APIs, WebSockets, Socket.IO, Swagger/OpenAPI, gRPC
- **Databases:** PostgreSQL, Prisma ORM, TypeORM, MongoDB, Mongoose, Redis
- **Microservices & Messaging:** Microservices Architecture, Apache Kafka, Event-Driven Architecture, RabbitMQ, API Gateway Design, Domain-Driven Design
- **Security & Integrations:** JWT, OAuth 2.0, RBAC, OTP, Stripe, Selcom, Firebase Cloud Messaging
- **DevOps & Testing:** Docker, AWS, Linux, Git, GitHub Actions, CI/CD, Jest, Postman, Agile/Scrum

WORK EXPERIENCE

Backend Developer - Softvence Agency

Nov 2025 – Aug 2026

Mohakhali, Dhaka, Bangladesh

- Built and maintained production-grade RESTful APIs and modular backend services using NestJS, TypeScript, Prisma ORM, and PostgreSQL, supporting 1.5M+ requests/day with 99.9% API uptime
- Designed relational database schemas and optimized SQL queries through composite indexing, reducing average query time by 55% across high-traffic production modules
- Implement authentication, authorization, input validation, centralized exception handling, automated unit tests, and structured logging to strengthen system reliability.
- Standardize Docker-based CI/CD environments and collaborate cross-functionally with product, frontend, and QA teams to deliver features within Agile sprints.

KEY PROJECTS

MedCare - Enterprise Distributed Healthcare & Telemedicine Microservices Platform

[Github](#)

NestJS | TypeScript | PostgreSQL (Multi-DB) | Prisma 7 | Redis | Docker | Caddy | WebSockets | Jest

- Architected a high-throughput, Database-per-Service microservices system with 11 isolated services communicating via hybrid RPC and asynchronous event streams (@EventPattern).
- Built a decoupled API Gateway with NestJS and Caddy, including OpenAPI/Swagger docs, JWT authentication, and strict RBAC spanning 7 enterprise roles.
- Engineered 9 isolated PostgreSQL database instances with dedicated Prisma ORM clients, eliminating cross-database joins.
- Developed real-time clinical workflows: 6-step check-in wizard, live token-queue SSE streaming, WebSocket teleconsultation chat, and streamlined financial transaction processing.
- Containerized the full infrastructure using multi-stage Docker builds and scripted multi-database PostgreSQL initialization.

Nodmac - EdTech & Career SaaS Platform

NestJS | TypeScript | PostgreSQL | TypeORM | Stripe/Selcom | Socket.io | AWS S3

- Developed an end-to-end Course & Class Management system with scheduling, module content, student groups, assessment grading, and CR permission delegation.
- Built an AI-powered learning service with hybrid chatbot fallback (database + LLM), an auto-generated MCQ exam engine, and voice-enabled study sessions.
- Implemented a multi-tier SaaS subscription engine integrated with Stripe/Selcom, handling webhooks, trials, and monthly usage throttling for AI queries.
- Engineered a Career Portal with a dynamic CV builder (PDF export), job/scholarship application processing, and a freelance gig marketplace.
- Architected multi-role JWT authentication (Admin, Faculty, Student) with single-device session binding and complete audit logging.

EDUCATION

Diploma in Computer Science and Technology - Kurigram Polytechnic Institute

2022 – 2026 (Expected)

Kurigram, Bangladesh

CERTIFICATIONS

- MERN Stack Web Development - Interactive Cares

LANGUAGES

- Bangla (Native) | English (Fluent)
